2. COMPETITION SPECIFIC

2.1 Competition Format

➤ **Qualification Tournament**

- Consists of 16 teams playing in single elimination format to qualify 4 teams to the main draw.
- 14 Qualification teams enter directly, together with 2 Qualification wild cards teams (if applicable).
- No Country Quota.
- Seeding based on the day before the start of the tournament (-1 day).

Elite 16: 16-Team Qualification to Qualify 4 Teams

➤ Main Draw Tournament

- Consists of 16 teams playing in two phases as following:
 - First phase: four (4) pools of four (4) teams playing standard round robin format. The top three (3) teams from each pool will advance to the second phase. The 4th ranked team in each pool will rank 13th place.
 - Second phase: 12-Team Single Elimination playoffs.
- No Country Quota
- 11 Main Draw teams, together with 1 Main Draw wild card (If applicable) team enter directly to the Main Draw, will be distributed directly into Pool A to Pool D following the serpentine system, according to their ranking points at **-14 days** before the start of the tournament.
- Main Draw Pool Play Distribution:

Pool A	Pool B	Pool C	Pool D
Seed 1	Seed 2	Seed 3	Seed 4
Seed 8	Seed 7	Seed 6	Seed 5
Seed 9	Seed 10	Seed 11	Seed 12
Seed 16	Seed 15	Seed 14	Seed 13

- The 4 teams qualified from the qualification tournament will automatically go to Pool D to Pool A, following the seeding points calculated the day before the start of the tournament with the best Qualification seeded team advancing from the Qualification tournament into Pool D as Seed 13, the 2nd best Qualification seeded team goes into Pool C as Seed 14, the 3rd best Qualification seeded team goes into Pool B as Seed 15 and the 4th best Qualification seeded team goes into Pool A as Seed 16.
- Seeding of the host country: the best host country team (Seeding points at -14 days) will be Seed 1 in Pool A if this host country team is naturally seeded among the top 4 teams, if the best host country team (Seeding points at -14 days) is naturally seeded among Seed 5 to Seed 11, then this host country team will be Seed 4 in Pool D. Otherwise, the best seeded host country team will be Seed 12 in Pool D. Other host country teams will be seeded naturally as per their Seeding points at -14 days.
- The top four (4) host country teams (as per their seeding points at -14 days) shall never be placed in the same pool while this is possible for foreign teams. The 2nd, 3rd and 4th host country team(s) will have their seed increased (for example from Seed 5 to Seed 6) until they are in a different pool than the other top four (4) host country teams. Should increasing the seed not work (or not be possible) then the seed is reduced (for example from Seed 12 to Seed 11) until such host country team is in a different pool. However, for 5th, 6th and any other eventual host country team(s), it is possible to be placed in the same pool with the top four (4) host country teams. The relative seeding of the top 4 host country teams must be respected while this is not applicable for the 5th, 6th and any other eventual host country teams.

Example: As shown in the below diagram, 6 teams already in the Main Draw from the host country (including the wild cards) are: USA 1 (Seed 1), USA 2 (Seed 2), USA 3 (Seed 7), USA 4 (Seed 8), USA 5 (Seed 10), USA 6 (Seed 15). See below:

Pool A	Pool B	Pool C	Pool D
USA 1	USA 2	Seed 3	Seed 4
USA 4	USA 3	Seed 6	Seed 5
Seed 9	USA 5	Seed 11	Seed 12
Qualifier 4	Qualifier 3 (USA 6)	Qualifier 2	Qualifier 1

Based on the above regulations, the final seeding will be established below:

Pool A	Pool B	Pool C	Pool D
USA 1	USA 2	Seed #3	Seed #4
Seed #11	Seed #9	Seed #6	Seed #5
Seed #12	USA 5	USA 3	USA 4
Qualifier 4	Qualifier 3 (USA 6)	Qualifier 2	Qualifier 1

➤ Rules for Matches Played

- The match winner earns 2 match points, and the match loser earns 1 match point.

Match won	2 points
Match lost	1 point

- For all matches the final team ranking will be determined in accordance with the results of the matches (won or lost). For each match won the winning team will earn 2 match points, for each match lost the losing team will earn 1 match point and for each forfeited match the winning team will earn 2 match points while the forfeited team will have 0 points.
- All discontinued matches or matches not commenced are to be assessed by the TD to determine if the losing team is “DSQ” or “INJ/DSQ” and whether they will receive any match points.
- If a team withdraws due to an injury before or during a match or gets disqualified during a match it will earn 1 match point and will keep the sets and points earned up to that moment, but the sets and points against will be the maximum. For example, if a team wins the first set 21:19 and is injured and forfeits the match when they are losing the second set 4:6, this injured team would earn 1 match point with sets of 1:2 and rally points of 21:19, 4:21 and 0:15. In this example, the winning team would get 2 match points with sets of 2:1 and rally points of 19:21, 6:4, 0:0. In addition, its match result will be marked with “INJ/DSQ”.
- If the injury occurs before the match begins, the match will be marked “INJ/DSQ” and the losing team will be awarded 1 match point with sets of 0:2 and rally points of 0:21, 0:21. In this case, the winning team will be awarded 2 match points with sets of 2:0 and rally points of 0:0, 0:0.
- If a team withdraws without a valid reason before a match (e.g. no show) or during a match (e.g. refusal to continue) they will lose by forfeit 0-2 (0:21, 0:21) and will earn 0 match points. In addition, this match result will be marked with “DSQ”. The winning team will receive 2 match points with sets of 2:0 and rally points of 0:0, 0:0.
- If a team is disqualified during the pool play due to a positive doping test, it will lose all the matches in the pool (played or to be played) by forfeit (see above). It will receive no rank. All of the team’s matches in the Pool will be recorded as a forfeit for ranking purposes. (e.g. All winning teams receive - Sets 2:0 - Rally Points 0:0, 0:0).
- If a team is disqualified after the pool play (after the Drawing of Lots for single elimination phase) of the tournament due to a positive doping test, it will lose the last pool matches played by forfeit (see above). If the single elimination phase has already started and if they have not played yet they forfeit their match, and the opponent will be then moved to the next round. The final pool ranking will be maintained. If the team already played its match and won the match, the match result will not be changed, and this team will forfeit the next round. However, if a team is disqualified from the tournament due to a positive doping test after the conclusion of the drawing of lots (for the seeding of the single elimination phase) but before the commencement of the first match of the single elimination phase, they will be replaced in the draw directly by the next eligible team(s) eliminated from the tournament to be decided by FIVB/organizer. And the final pool ranking will be maintained. The disqualified team will receive no final ranking. It should be shown on the bottom of the final standing without rank and “DSQ”

- Four teams will play a standard round robin system in the first phase. Every team will play the three other teams in their pool. The ranking of teams within their pools will be determined by the total number of match points.
- In the case of a tie in the pools (match points) during the round robin, the following rules will apply:
 - Between two teams in the same pool:
 - The team with the highest rally points ratio in the matches between all teams in the pool, is ranked higher.
 - If a tie still exists by rally points ratio, then the teams have the same position in ranking.
 - Between three teams in the same pool:
 - If three teams have a tie in the main points, then the teams are ranked by the rally points ratio in the matches between the three tied teams.
 - If a tie still exists then the tied teams are ranked by the rally points ratio between all teams in the pool.
 - If a tie still exists then the teams have the same position in the ranking.
 - Between four teams in the same pool:
 - The ranking is determined by the rally points ratio between all teams in the pool.
 - If a tie still exists then the teams have the same position in the ranking.
- In the case of a tie in the pools (match points) at the end of the round robin, the following rules will apply:
 - Between two teams in the same pool:
 - The team with higher rally points ratio in the matches between all teams in the pool, is ranked higher.
 - If a tie still exists, then the winner of head-to-head match is ranked higher.
 - Between three teams in the same pool:
 - Teams are ranked by the rally points ratios in the matches between the three tied teams.
 - If a tie still exists then the teams still tied are ranked by the rally points ratio between all teams in the pool.
 - If a tie still exists then the teams still tied are determined by the tournament seeding established at the tournament (the better seed of the tied teams ranked higher, i.e. Seed 12 is ranked higher than Seed 13).

Elite 16: 12-Team Single Elimination Playoff

- Draw 1: A2, B2, C2 and D2
- Draw 2: A3, B3, C3 and D3
