Hosts will be responsible for the accommodation and catering costs of all teams during the competition weeks as well as the venue, game operations.

Teams are free to decide what to do during the off- competition weeks. Meaning they may choose to go home, stay in the current market, or move to the next city. Each team will be responsible for their own costs outside of competition week however we ask that each host help facilitate preferred hotel rates and where possible free access to training and fitness facilities.

Marketing and Promotions

VNL is about bringing Volleyball to our fans around the world. In order to make the VNL as successful for everyone, we are looking for hosts prepared to invest in marketing and promotions of their event to help ensure sold out sessions for the entire week. Volleyball World will assist each host with proper tools and guidance to help ensure a successful ticket sales and overall event delivery.

Volleyball World will help each host with Sports presentation set up and plan. We will work with each host to create a unique atmosphere for our athletes and importantly our fans and spectators.

All information will be provided to hosts in the coming months as planning continues on VNL 2022. We look forward to working with you all on creating a new VNL competition for our athletes, teams, federations, and fans around the world.
