Paris 2024 Accred Connect
Guidebook for All Accredited Users

Accred Connect is the authentication system for applications dedicated to the accredited population. It embeds:

- A **Single Sign On authentication mechanism** to grant user access to their accredited applications. Users will be able to access all these applications using **a single account**.
- A portal that displays all applications dedicated to and accessible by accredited users.

Accred Connect

Welcome to the Paris 2024 Olympic and Paralympic portal for accredited personnel.If you are logging in for the first time, you must register with your accreditation number or myInfo token using the links available before being granted access.

- Upon arriving at the portal, you will have an overview of all the applications accessible with your accreditation. On your next visit, you can access these applications using your accreditation number and the predefined password (as described above).
- Additionally, you'll find other applications that would be useful. They can be public or with a different authentication system. You may need to log in a second time to reach them, using another username and password.

- In case of issue, you can contact your Accreditation Liaison Officer (ALO)
